Hon. John F. Tower  
Senate Building  
United States Congress  
Washington, D.C.

Dear Senator Tower:

I would appreciate it very much if you would send me a copy of the letter my son, Lee Harvey Oswald, wrote to you while he was in Russia. This letter was in connection with his undesirable discharge from the United States Marines. I am trying to compile everything pertaining to my son's life for history sake.

I would also like a copy of the envelope with the post mark and the U.S. Post Office stamp of date of receipt in this country, if this is possible. Thanking you in advance I remain,

Yours sincerely,

Marguerite Oswald

P.S. Also a copy of reply from the State Department in response to your questions on above matter.
