Dear John Smith

**Your Student Aid Report (SAR) summarizes the information you submitted on your 2009 - 2010 Free Application for Federal Student Aid (FAFSA).**

**Application Status (review the checked boxes)**

- Your FAFSA appears to be complete. Review the data on pages 3-10 of your SAR and make corrections or updates if necessary. The school(s) listed on your FAFSA will receive your information.
- Your FAFSA has been selected for verification. Verification is a process where your school confirms the data you reported on your FAFSA. Your school has the authority to contact you for documentation that supports income and other information that you reported on your FAFSA

**Federal Student Aid Eligibility (review the checked boxes)**

The data submitted on your FAFSA is used to calculate your Expected Family Contribution (EFC), which is 14595. The EFC is not the amount of money that your family must provide. Rather, you should think of the EFC as an index that colleges use to determine how much financial aid you would receive if you were to attend their school. Financial aid may include grants, loans, and/or work-study. This award information will vary from college to college because the cost of attending each is different. Please note that your EFC is subject to change if you update or correct your FAFSA.

- Based on your EFC it appears that you may be eligible for a Federal Pell Grant. You may also be eligible for other Federal grants, low-interest student loans, and work-study opportunities.
- We sent your information to other federal agencies to verify your eligibility for federal student aid and there appears to be an issue with the information provided on your application. Review the checklist on page 3 for instructions on how to resolve these issues
