

SAROFIM SCHOLARSHIPS IN STUDIO ART ARE FOR STUDIO ART MAJORS ONLY.

- Sarofim Scholarships are renewable annually up to eight semesters, based on satisfactory performance and continuation as a Studio Art Major.
- The Sarofim Scholarship is made with the requirements that you will major in studio art (B.A. or B.F.A. program), demonstrate a high level of motivation and interest in the visual arts, and make satisfactory progress toward completing the major as outlined in the course catalog. Evaluative criteria include: successful completion of at least one art course every semester (with the exception of enrollment in off-campus programs); satisfactory academic progress; and regular contributions to departmental activities (for example, attending most art lectures and demonstrations by visiting artists, art exhibition openings, and participating in student art events). Scholarship recipients must maintain a 3.0 grade point average in art classes and a 2.5 grade point average overall.

Eligibility Requirements

- Candidates must apply for general admission to Southwestern University separately, and must have an active application to Southwestern University in order to schedule a portfolio review. However, they need not have been accepted yet in order to have a portfolio review. Please note that, although recommendations will be made following a student's portfolio review, admission to Southwestern must be granted in order to receive the scholarship. An individual student's admission status may not be determined until after the final portfolio review deadline in March.
- Recipients of Sarofim Scholarship in Studio Art may also be eligible for additional assistance such as academic scholarships. In addition, recipients may apply for University need-based aid.
- For more information, please click: [FINANCIAL AID](#), [MERIT SCHOLARSHIPS](#) or call 1-800-252-3166.
- Any financial aid offer from Southwestern University will be void as of May 1, 2018 if a student accepts financial aid from another college or university.
