WALLYBALL RULES -Men's, Women's, Coed

- All matches are self-officiated and will consist of 2 games to 21 points. If neither team wins 2 games, then an 11 point tie breaker will be used to determine match winner. Each game must be won by two points. **The match will be scored by the rally point system. That is, every serve will result in a point. The team that scores will serve the next point.**
- A team consists of 4 players with a minimum of 3.
- After each game of the match the teams will change playing areas and when one team reached 6 points in the tie breaker.
- Each team is allowed two thirty second time-outs in each of the first two games. In the tiebreaker, only one time-out per team is allowed.
- Out of Bounds- The ball is considered out of bounds whenever it hits the back wall or ceiling on the opponent's side or two or more walls, consecutively, on the serve or volley.
- The back wall is only in play on the side of the team returning the serve or volley, provided a player on that team touches the ball first.
- Contacting two or more walls with the ball is allowed only by the team in possession of the ball provided a player on that team touches the ball first. If the ball crosses the net after contacting two or more walls without making contact with a player first, the ball is not considered good and a point is awarded to the other team
- Just as in volleyball, a team is allowed 3 consecutive contacts with the ball to get the ball over the net. Contacting the wall does not count as one of the three contacts.
- A serve may only hit one side wall on either side of the net to be considered good. The serve may not hit the receiving team's back wall on the fly. A player must be standing with three feet off his/her back wall in order to serve the ball.
 - COED -(exceptions from men's & women's rules)
- A team can be 2 men and 2 women, 2 men and 1 woman, or 2 women and 1 man.
- Men and women shall alternate service within a team on the court.
