About the Survey

The Class of 2011 Post-Graduate Survey, conducted by Southwestern University Career Services, was completed in early March 2012. Graduating seniors were contacted beginning in April 2011 via email, in person at Commencement in May, with a follow-up email in October, via two phonathon sessions in December 2011 and February 2012 and with repeated follow-up emails and phone calls into March 2012. Of the 312 graduates from December 2010, May 2011 and August 2011 who make up this reporting class, Career Services obtained responses from 304 (97 percent of the class).

If you would like more information, please contact Career Services at career.services@southwestern.edu or 512.863.1346.

Where is the Class of 2011 now?

Respondents reported their primary activity after graduation as:

- 60.9% Employed
- 34.5% Graduate/Professional School or Advanced Coursework
- 4.6% Other (Seeking/Volunteering)

Responses by school / division

Forty-five graduates earned two or more majors. Double-majors were tallied in each major for a look at responses by major and corresponding division/school. Percentages may not total 100 due to rounding.

Employment

Sixty-one percent of all survey respondents reported entering the world of work upon graduation.

How did they locate positions?

For employed graduates who reported the method by which they secured their positions, networking with family, friends, neighbors, and other contacts proved the most effective strategy. This year’s candidates were more likely to directly contact employers than in years past and relied slightly less on networking. Together, these two strategies continue to be some of the most effective for grads.

Where are they working?

The majority (nearly 84 percent) of respondents work in Texas, while 14 percent work in 15 other states and 2 percent work internationally in Argentina, China, Japan and South Korea.

The most frequently represented work locations are:

- 83.8 % Texas
- 3.2 % New York
- 1.6 % Washington, DC
- 1.6 % Colorado

When did they begin their search?

Grads employed or seeking employment who responded about their job search process reported beginning:

- 27 % Before senior year
- 20 % Fall semester of senior year
- 21 % Beginning of spring of senior year
- 17 % End of spring of senior year
- 15 % After graduation

What do they earn?

Respondents working full-time who reported annual salaries earn:

- 65 % less than $30,000
- 31 % $30,000 to $50,000
- 4 % more than $50,000
Employment

Selected employing organizations and positions of the Class of 2011

A Community for Education (via AmeriCorps), Early Literacy Tutor

Texas Commission on Environmental Quality, Air Quality Investigator
Texas State Preservation Board, Gallery Assistant
YWCA Austin, Youth Specialist

A liberal education prepares students broadly for many kinds of jobs. In general, majors do not correlate directly with specific job titles. Instead, graduates evaluated their satisfaction with their outcomes, and how well their outcomes match their expectations and meet their interests. Those who reported on these questions stated:

**Is the work in their field of interest?**
- 51 % Completely
- 29 % Somewhat
- 20 % Not at all

**How satisfied are they with their outcome?**
- 36 % Very happy
- 43 % Satisfied
- 19 % Slightly unsatisfied
- 2 % Completely unsatisfied

**How well does their outcome match their expectations?**
- 32 % Meets expectations
- 31 % Close to meeting expectations
- 33 % Does not match but is happy
- 4 % Does not match and is unhappy
Graduate / Professional School and Advanced Coursework

Thirty-five percent of the Class of 2011 continued their education directly after graduation from Southwestern in graduate and professional programs or through advanced coursework such as prerequisite coursework for graduate study, additional coursework toward teacher certification, a second Bachelor’s degree or other programs.

Where are they studying?

The majority (73 percent) of respondents continued their studies in Texas, while 27 percent are enrolled in 16 other states. The most frequently represented locations are:

- 73% Texas
- 5% New York
- 4% Missouri
- 4% Washington, DC

Selected institutions / programs of study

- Austin Presbyterian Theological Seminary, MATS (Theological Studies)
- Baylor College of Dentistry, DDS
- Boston University, MA in Public Relations
- California Institute of the Arts, MFA in Theatre Management
- Columbia University, PhD in Historical Musicology
- George Washington University, PhD in Political Science
- Georgetown University, PhD in Neuroscience
- Johns Hopkins University, MA in Museum Studies
- Johns Hopkins University, MHA (Master of Health Administration)
- Rice University, PhD in Applied Physics
- Stephen F. Austin University, MM in Choral Conducting
- Texas A&M University, MPSA (Master of Public Service and Administration)
- Texas Tech University Health Sciences Center, MD
- Texas Woman's University, DPT
- The University of Texas at Austin, MSSW
- The University of Texas Medical School at Houston, MD
- The University of Texas School of Law, JD
- The University of Texas Southwestern Medical Center, MD
- Tulane University, MPH
- University of California, Davis, PhD in Animal Behavior
- University of Michigan, Ann Arbor, JD
- University of Missouri, PhD in Clinical Psychology/Behavioral Medicine
- University of Texas at Dallas, MS in Mechanical Engineering
- University of Wisconsin, Madison, PhD in Computer Science
- Vanderbilt University, Master of Accounting (MAcc)
Internships

Sixty percent of the Class of 2011 (nearly 64 percent of survey respondents) reported completing at least one internship experience. Twenty-nine percent of the class (31 percent of respondents) reported completing two or more internships. Those respondents reported on their internship experiences:

**Number of internships for academic credit***

- 1: 69.9%
- 2 or more: 30.1%

**Number of internships for experience only***

- 1: 67.7%
- 2 or more: 32.9%

*Percentages are out of graduates reporting having this type of internship experience.

**Pay for internships**

- Unpaid: 49.2%
- Paid: 30.4%
- Both (i.e. Multiple experiences, some paid, some unpaid): 20.4%

**Helpfulness of internships**

- Very helpful: 73%
- Somewhat helpful: 25%
- Not helpful: 2%
Evaluation

In addition to the evaluation of satisfaction with their outcome and the closeness of the match between their outcome and their expectations, graduates reported on their satisfaction with their interaction with Career Services as well as their overall satisfaction with their Southwestern University education.

Satisfaction with Career Services

Graduates reported their responses to the question, “How satisfied were you with Career Services regarding guidance provided helping with your career development leading toward securing your job/grad school acceptance?” Interactions with Career Services can include individual advising appointments, participation in group workshops/events, utilizing the resource library, etc. More detailed evaluations of each of these components are available through Career Services.

- 31 % Very happy
- 40 % Satisfied
- 10 % Slightly unsatisfied
- 3 % Completely unsatisfied
- 15 % Not applicable (did not use)

Satisfaction with Southwestern

Graduates reported their responses to the question, “Based on your SU experience, how satisfied are you with your preparation for your [intended] job/graduate school program?”

- 42 % Very happy
- 46 % Satisfied
- 11 % Slightly unsatisfied
- 1 % Completely unsatisfied
