NETWORK OVERVIEW

GO GREEN!

To help reduce the consumption of paper, please access dentist information from The Guardian Find a Provider site, via links on www.guardianlife.com and www.GuardianAnytime.com. The site is available 24/7 and allows you to search for providers or create a customized provider directory.

QUALITY CARE YOU CAN COUNT ON

As cost control becomes increasingly important in health care, the Managed Dental Care Plan has emerged as the most cost-efficient Dental plan available. Similar to a Medical HMO, a Managed Dental Care Plan consists of a network of affiliated dentists. You choose the dentist or dental center where you want dental services performed. All care must be done or arranged by this dentist or center.

Managed Dental Care Plan general dentists place emphasis on preventive care to keep patients as healthy as possible, thus reducing more serious and more expensive services later. To ensure the highest quality of care, Guardian has developed a quality management program for monitoring the quality of the dentists enrolled in the network and the quality of care they provide.

Under a Managed Dental Care Plan, there are no deductibles. However, some plans require the member to pay an office visit fee. Refer to your plan documents to determine if this applies to your plan. There also are no annual plan maximums or claim forms for the insured to complete.

HOW YOUR PLAN WORKS

- You choose a Primary Care Dentist (PCD) from the participating General Dentists shown in the provider listing or online. The listing will include the PCD 7-digit ID.
- If you need assistance selecting a PCD, please contact Member Services prior to receiving treatment.

- Your PCD must coordinate all of your dental care. If there is a need for specialty care, your PCD must provide you with a written referral to a Participating Specialist for treatment in order for it to be considered for approval. You must pay all applicable patient charges associated with treatment to the Specialist.A written referral is not a guarantee of coverage or benefit payment.You must be eligible at the time of service and your coverage will be determined by the benefits, specialty referral guidelines, limitations and exclusions outlined in your Evidence of Coverage.
- Members are responsible for sharing the cost of their treatment by making co-payments for each office visit, if applicable, and for most non-preventive services.

The information contained in this provider directory is obtained directly from participating providers and reflects the most current information verified for each network plan as of the date of printing. Please consult the online provider directory at www.guardianlife.com or contact a customer service representative at the telephone number provided on our website to obtain more current provider directory information.

PLEASE NOTE:*If you receive services from a specialist without a written referral from your PCD, you will be responsible for payment of all charges associated with the treatment.*

HOW TO CHANGE DENTISTS

If you wish to change your PCD assignment, contact Member Services to request a transfer. Any such transfer will be effective on the first day of the month following approval.All fees and patient charges due to the member's current PCD must be paid in full prior to the transfer.

HOW TO REPORT INACCURATE PROVIDER INFORMATION

We strive to maintain an accurate and up-to-date provider directory, however, we would appreciate you reporting any incorrect or outdated information for a specific provider. Please contact Member Services at the number found in the header of this directory or send an email to NMC@glic.com.

CRITERIA USED TO BUILD PROVIDER NETWORK :

All network dental plans offered by Guardian and its subsidiaries incorporate rigorous provider accessibility and availability standards in compliance with state and federal requirements. We utilize information such as geographic distance, travel time, appointment wait time, and provider-to-member ratio reports to ensure that our network of participating providers meets the dental care needs of our members.Our nationwide provider recruitment team solicits network participation from new providers annually, and issues special solicitation mailings to providers nominated by our members. New participating providers are subject to a thorough credentialing process to ensure appropriate education, Board certification, consistent quality of care in their practices, and compliance with applicable laws and regulations. Participating providers are also recredentialed every three (3) years or more frequently if required by state law. In the event of a dental emergency, members may contact a customer service representative to be directed to an appropriate provider who can deliver the care needed as soon as possible. We are committed to maintaining a robust provider network for each of our dental plans, and we welcome input from our members regarding any access to care or quality of care concerns.
