

# Funding Study Abroad/Away

## COST INFORMATION

The costs for study abroad and study away vary by program type, location, length and travel costs. Most programs cost about the same as SU or less than SU. There are some programs that cost more than SU.

**Cost Considerations:** Consider both program costs (including program fee, room and board, travel costs, passport/visa fees) and cost variance by location (airfare, local cost of living, etc.). For example, London or Tokyo will cost much more than Costa Rica. Review information for [students on a budget](#) at [DiversityAbroad.com](#).

**The following SU-sponsored programs charge SU tuition, room and board, plus travel costs:**

- SU London\*
- ISEP Exchange\*
- Capitol Hill Internship Program in Washington, D.C. (CHIP)\*

\*SU merit aid applies

**Study Abroad Program Providers have costs that vary by program, length and location.**

- No charges for SU tuition, room and board
- Federal financial aid applies for 12 hours or more in semester or 6 hours or more in summer
- SU merit aid does not apply

## SCHOLARSHIPS

**SU Scholarships for SU approved programs:**
