
PROGRAM DESCRIPTION

Employee Assistance Program
At some point, we all need help coping or making difficult decisions. The Employee Assistance Program makes it easy to access support, guidance and resources. EAP is there for you and your family through your Group Long Term Disability insurance from Standard Insurance Company (The Standard). And it’s confidential — information will be released only with your permission or as required by law.

Health AdvocateSM provides our EAP services. Their professionals can help with referrals to support groups, a network counselor, community resources or your health plan. If necessary, their professionals can connect you to emergency services.

EAP services can help with:
- Depression, grief, loss and emotional well-being
- Family, marital and other relationship issues
- Life improvement and goal-setting
- Addictions such as alcohol and drug abuse
- Stress or anxiety with work or family
- Financial and legal concerns
- Identity theft resolution
- Online will preparation and other legal documents

1 The EAP service is provided through an arrangement with Health Advocate, which is not affiliated with The Standard, to groups of 10 – 2,499 covered employees. This service is only available while insured under The Standard’s Long Term Disability (LTD) policy. The Standard may change providers or terminate service at any time. Health Advocate is solely responsible for providing and administering the service.
