Updating Your Expense Profile

Use the Profile Options page to set or change your personal preferences. To avoid re-entering personal and permanent information about yourself (phone number, contacts, credit card information etc.), complete your profile after logging onto SAP Concur for the first time and update it whenever your information changes. Your profile options include:

- Approvers
- Attendees
- Bank Information
- Cars:
  - Company
  - Personal
- E-Receipts
- Expense Delegates
- Expense Preferences:
  - Email notifications
  - Prompts

NOTE: Depending on your company's configuration, some of these options might not be available to you. Contact your SAP Concur administrator for more information.

Delegates

If you are acting as an Expense delegate for another employee (delegator):

- Any changes you make on this page affect only the delegator and do not change your personal information.
- You cannot access all profile options for your delegator, such as bank information.

To access your profile information

1. Click Profile > Profile Settings.
   The Profile Options page appears.
2. Click the appropriate option from the left-side menu.

2. Select the appropriate delegator’s name.
3. Click **Start Session**.
   
   **NOTE:** Notice that the **Profile** menu now displays **Acting as** and shows the name you just selected.
4. You are now officially working on behalf of that person. Complete the normal processes of creating reports, printing, etc.
   
   To select a different user, follow the same steps but click a different name.
5. To return to your own tasks, click **Acting as**, and then select **Done acting for others**.

To copy an expense

2. Click **Copy**.

The new expense is added to the **Expenses** list. Note the following:

- The original expense date is advanced by a day.

- Credit card information, e-receipts, mobile entry information, and travel segments (associated with travel itineraries) from the original expense are **not** copied to the new expense.
  
  **NOTE:** This type of information is generally associated with only one expense so it is not copied to the new expense.

- If the **Payment Type** of the original expense is a credit card, then the **Payment Type** of the new expense is editable using the dropdown list.
Adding Card Transactions to an Expense Report

On the SAP Concur home page, you can view a list of any unassigned credit card transactions in the **Available Expenses** section.

You can add card transactions to an expense report in the following ways:

6. For each additional itemization, on the Itemizations tab, click Create Itemization, select the appropriate expense type and complete the appropriate fields. 
   NOTE: You can also Copy itemizations to save time with similar entries.
Once you have itemized the **Remaining** amount of the charge, an alert displays a green **Success** checkmark.

7. **Click Save Expense.**
Itemizing Nightly Lodging Expenses

A hotel bill typically contains a variety of expenses including room fees, taxes, parking, meals, valet, telephone charges, and personal items. You must itemize these expenses so that they can be reimbursed correctly. Lodging Itemization allows you to quickly itemize recurring room rates and taxes. You can then itemize the remaining charges on your hotel bill, and adjust for any rate changes during your stay.

To create a lodging expense

1. With the expense report open, click **Add**, and then select the lodging expense type. The page refreshes, displaying the required and optional fields for the selected expense type.

   **NOTE:** Your company determines the name of the expense type. It might be called Lodging, Hotel, or something similar.

2. Complete the fields as directed by your company.

3. On the **Itemizations** tab, click **Create Itemization**.

4. Select the appropriate lodging expense type. You can then select if this **Entry Type** is a **Recurring** or **Single Itemization**.
5. Select whether your hotel room rate was **The Same Every Night**, or **Not the Same**.

6. Enter the **Room Rate (per night)** and **Room Tax (per night)**, as applicable.
   
   **Note:** You can use the **Additional Taxes** link to enter additional taxes from your hotel bill.

7. Click **Save Itemization**.

8. If there is a remaining amount that needs to be itemized (other charges, for example, for incidentals or room service), the remaining amount is displayed in the **Remaining** field. Continue to itemize the amounts until the balance is $0.00.

9. Click **Save Expense**.
Adding Attendees to a Business Meal

Some expenses, such as business meal expenses, require you to add attendees to the expense.

To add attendees to a business meal

1. From the expense type screen, click Attendees.

2. In the Attendees window, click Add.

The Add Attendees window appears.
You can add attendees in several ways:

- **Recent Attendees** – Select the check box next to the appropriate attendee.
- **New Attendee** – Search for the **Business Guest** or **Employee**. If you need to create a new attendee, click **Create New Attendee**, complete the required fields, and then click **Create Attendee**.
- **Attendee Groups** – Select from your **Favorites** or **My Team** (these are configured in your **Profile** settings).
- **No Shows** – Enter the **Number of Attendees** that did not show.

3. Click **Save**.
Allocating Expenses

You can allocate expenses to projects or departments, which will be charged for those expenses. You can allocate a single expense or multiple expenses.

NOTE: To find out if your company uses this feature, contact your SAP Concur administrator for more information.

To allocate your expenses

1. With the expense open, to create or edit a single expense, click Allocate.

2. With the report open, to allocate multiple expenses, select the appropriate expenses on the left side of the page, and then click Allocate.

The Allocate window appears. The total expense Amount, the amount Allocated, and the amount Remaining are listed.
3. From the **Edit** dropdown list, select **Percent** or **Amount**.

4. Click **Add**.

   Your company determines if the allocation fields are text fields or lists. Select from the lists or type the appropriate information in the fields.

   **NOTE:** Your company might provide default information in some of the fields, such as your company name. If you change the default information, a red triangle appears in the upper left corner of the field.

5. Add as many allocations as necessary, from the **New Allocation** or **Favorite Allocations** tabs, and then click **Save**.

   You can adjust the amounts and percentages. The total amount must be allocated 100%, otherwise an audit rule is flagged, and you will not be able to submit the report.

6. Click **Save**.
Converting Foreign Currency Transactions

When your travel takes you to different countries, you will need to convert foreign currency transactions to your standard reimbursement currency.

To account for an expense incurred in another currency

1. With the report open, click Add, and then Create New Expense.
2. Search for or enter an expense type.
3. Enter the appropriate information in the required and optional fields (required fields are indicated with an asterisk).

Note the following:

- Select the "spend" Currency from the list to the right of the Transaction Amount field. The Conversion Rate field appears.
- The Conversion Rate is automatically populated according to the Transaction Date and Currency entries. Expense calculates the Amount in your reimbursement currency.
- Currency can be converted by multiplying by a particular rate or dividing by a different rate. To switch between multiplication of the rate to division of the rate, click Reverse next to the Conversion Rate field.

4. Complete the remaining fields as appropriate, and then click Save Expense.
**Entering Personal Car Mileage**

Depending on your company policy, you might have to track your car mileage in order to be reimbursed. You might be using your personal car for business purposes or you might be using a company car. Your company determines the information you are required to provide such as mileage and odometer readings, as well as the reimbursement rates.

**To create a car mileage expense**

1. With the expense report open, click **Add**, and then select the mileage expense type.

   **NOTES:**
   - Your company determines the name of the expense type. It might be called Car, Company Car, Personal Car Mileage, or something similar.
   - You must register a vehicle in your profile before you can create a mileage expense.

2. Complete all required and optional fields as directed by your company. For a personal car, you might enter the total business miles traveled. For a company car, you might be required to enter the beginning and ending odometer readings.

   When done, Expense calculates the reimbursement amount based on the miles and the reimbursement rate set by your company.

3. Click **Save Expense**.
Activating E-Receipts

E-receipts are an electronic version of receipt data that can be sent directly to SAP Concur to replace imaged paper receipts. The availability and content of e-receipts vary depending on the vendor.

Your company must be enabled to accept e-receipts, and you must opt-in from your Profile before e-receipts activate in Expense. Some vendors require additional paperwork before they can send e-receipt data. Contact your SAP Concur administrator for more information.

Once your company has e-receipts enabled, a message will appear on the SAP Concur home page, prompting you to sign up. You can also active e-receipts from your Profile Options page.

NOTE: Depending on your company’s configuration, this option might not be available to you. Contact your SAP Concur administrator for more information.

To activate e-receipts

1. Click Profile, and then click Profile Settings.
2. On the Profile Options page, click E-Receipt Activation.

The E-Receipt Activation and User Agreement appears.

3. On the E-Receipt Activation page, click the here link.
4. Read through the **E-Receipt Activation** agreement, and then click I Agree. Receipts are successfully enabled.

5. If you want to disable the E-Receipt Activation setting, on the **E-Receipt Activation** page, click the **here** link.
Uploading Receipts using Available Receipts

Available Receipts work with the SAP Concur Imaging Service to provide receipt images that the user can either email or upload images to, and then use to attach images at the line item expense entry level (only). Images in supported format are uploaded using a SAP Concur-verified email address provided by the user during signup, and these images are then available to that user (only) for the purpose of attaching to report expense entries.

To attach a receipt image to an expense entry using Available Receipts

1. Select an entry to open it on the Details tab.

2. Click Attach Receipt Image.
3. Select the receipt image you want to attach, and then click Attach.
4. The receipt image is attached to the expense entry and displays on the right side of the screen.

Note: You can Detach or Append the image from the receipt pane.
Printing and Submitting an Expense Report

When you complete your expense report, you can print it to save a hard copy for your records or to review required receipts.

To preview and print the expense report

1. On the expense report page, click **Print/Share**, and then select one of the options from the dropdown list. Your company determines the options that are available. Available options include:
   - **Fax Receipt Cover Page**: Prints a PDF file with a unique barcode, a report summary, and a checklist for the required expense receipts.
   - **Detailed Report**: Prints a report that includes all report-level information as well as a summary of the report.
   - **Receipt Report**: Prints a list of expenses that require receipts along with the unique receipt bar code and the report-level and summary information.

2. On the **Detailed Report** screen, review the details, and then click **Print**.

To submit your expense report

1. On the expense report page, click **Submit Report**. The **Report Totals** window appears.

   The Reports Pending your Approval page lists the awaiting reports. Select the report you want to open.
