

# Key Financial Dates and Deadlines

Since the financial responsibilities of students and families are very important, this document outlines all key dates and deadlines. Your student agreed to take financial responsibility for their classes by agreeing to the Southwestern University Payment Terms and Conditions during the registration process. You may review these policies at [southwestern.edu/business-office/student-accounts/](https://southwestern.edu/business-office/student-accounts/). Students who have not made satisfactory payment arrangements to cover their account balances WILL NOT be able to move on campus and will have their classes cancelled.
